Memorandum from the Committee on New Buildings for Women in University College.

The Committee on New Buildings for Women in University College has reached a point where two definite sides of the problem present themselves for consideration: 1.Finance. 2.Administration.

1.Finance. (a). Site. Is the Committee justified in assuming that the Board of Governors will provide the site for the proposed buildings?
(b). Whose authorization should the Committee seek for the purpose of appealing to the public for money for such buildings?
(c). Whose authorization to form a Finance Committee and add such people as would be helpful in raising money?

2.Administration. The graduates of University College who are members of the Committee feel that the problem is as follows:
(a). Discipline. There is need of more effective control of all the women of the College. Boarding houses should be more carefully supervised etc. This would demand an addition to the staff of the Union.
(b). Unity. The College should be thought of and dealt with as a whole and not sectionally, in terms of the Union, Queen's Hall, etc. Any organization to regulate women students' affairs should be for the whole body of students in the College. The heads of the residences and the Union should work in close cooperation instead of confining themselves to their own particular problems.
(c). Personnel. A dean for women does not necessarily solve the problem. The Committee feel that it is essential that the women holding positions as heads of residences or the Union should be women of academic standing, should be members of the teaching staff and members of the College Council.
(d). Control. Is it customary in making a gift of buildings to the University to make stipulations as to future administration and control? The Committee would not wish to hamper the University authorities by such stipulations but the feeling among the graduates on the Committee has been expressed strongly to the effect that they would like to share in the direction of the affairs if the Women undergraduates of University Col College.

UNIVERSITY COLLEGE

QUEEN'S HALL

The control of Queen's Hall lies ultimately in the hands of the Council of University College; all rules and regulations of the Hall, whatever their origin, are subject to the approval of the Council, before they become operative.

The immediate control is in the hands of the Dean, who, like the College Council, is appointed by the Governors of the University.

The Dean has full and entire charge of the buildings and servants; and also of the general supervision and care of the conduct and health of the students, to whom she stands in loco parentis.

Inasmuch as all the rules and regulations of Queen's Hall are intended to protect not only the responsibilities of the parents of its students, of the College Council, and of the Dean, but in an equal degree the interests and welfare of the students, it is desirable that the regulations and rules of the Hall be administered, as far as possible, by the students themselves. For this purpose a system of self-government has been established known as the Self-Government Association; and a constitution for the Association has been drawn up and printed.

No student is admitted to Queen's Hall, or having been admitted will be allowed to remain who has received a star or lost her year. Such a student may be admitted, or re-admitted, when she has worked off her star or regained their year, if the Hall has still room for her.

Every student on admission signs her acceptance of the Rules and Regulations.

Power to expel from the Hall is with the College Council, primarily on the recommendation of the Dean. Should the Students' House Committee desire the expulsion of a student, they will consult the Dean and ask her to recommend it; if the Dean withhold her recommendation, they have the right of appeal to the College Council.

RULES AND REGULATIONS

QUEEN'S HALL

(Proposed Amendments)

Rule 8 (to read) Students must be in residence by 10.30 p.m., except when late leave is obtained: late leave for Theatres and informal Dances is 11.30: for formal Dances 12.30 No student is allowed to go to public restaurants at night after the theatre,

(c) The number of late leaves of the Third and Fourth Years is not restricted except when this privilege is in danger of being abused. It is the Dean's duty to prevent such abuse. Should the House Committee judge that late leave is being granted too often, it is their duty to confer with the Dean; and in the event of disagreement they should appeal to the Council.

Rule 12 (to read) Leave to remain out over night should be granted very rarely, not more than twice in one term, and then only in exceptional circumstances.

Rule 14 (to read) No student of the Hall is permitted to attend public dancing halls (including Columbus Hall) unless an official University Dance is being held, in which case the Dean, or some other chaperone authorised by the University must be present.

Dear Miss —

I am in receipt of Yr letter of appealing agst the action of the Council of Alma: Coll:

The question you raise is a very serious vital one & will, if you press the appeal, be referred to the Board of Governors. You appear to request that the building be handed over to the students who will make, as well as carry out, its rules regulations.

For the present I will confine myself to two considerations which perhaps have not fully been present to your minds.

The men's residences are not operated upon rules made after occupancy: on the contrary the authorities of the Univ^y make the rules & appoint a graduate to be in charge of each house. He has a self governing committee working with him: but is in the last resort responsible for the observance of the rules & reports any student refusing to observe them who student has to find lodging elsewhere.

If the rules are in some instances — hours of return at night eg — much less stringent than for Queen's Hall the reason lies, as you will realize on a little reflection

in the nature of things.

The public opinion of this Province & of your parents will demand emphatically that the precautions taken for the safeguarding of women students be far more careful & less casual than those for ~~men~~ women: hence such differences as exist.

This I apprehend is the basis of the action of the College Council: & unless I am mistaken in my judgment of the public opinion of the Province & of your parents, no answer to the Council's policy can be expected or acquiesced.

I suggest that you enlighten yourselves on this matter as you can readily do, before asking formally to be heard by the Governors

Yours etc

CHADBOURNE AND BARNARD HALLS

HALLS OF RESIDENCE FOR WOMEN

Chadbourne Hall has accommodations for 114 women students, and Barnard Hall for 152. Each hall is lighted by electricity, and the heating apparatus is connected with the central heating plant. Elevators operated by electricity connect the several floors.

Each room is provided with rug, dresser, rocker, study chair, three quarter cot, study table, bookshelves and window shades but occupants other than summer session students are expected to provide towels, pillow cases, sheets, blankets, and counterpanes or couch covers for the school year.

The young women who reside in these halls are under the immediate charge of the Mistresses of the halls, and are expected cheerfully to conform with the requirements necessary for a family of students. Self-government is maintained.

Until September 1, the number of seniors assigned to Chadbourne Hall is limited to 10,

juniors to 15, and sophomores to 35; in Barnard Hall the number of seniors is limited to 15, juniors to 20, and sophomores to 35. No assignments are made before September 1 to students not residing in Wisconsin. Beginning with September 1, any places available shall be assigned in the following order:

(a) To legal residents of Wisconsin in order of their applications, without regard to the class to which they belong.

(b) To daughters of Wisconsin alumni outside of the state.

(c) To others.

Seniors and juniors resident in the halls, if they conform to the regulation as to residence in the state, will receive preference over those who are nonresidents.

Applications will be received in excess of the number of accommodations and vacancies during the year will be filled in regular order from this waiting list.

The price per year of rooms either single or en suite in both Chadbourne and Barnard Halls is $100; of double rooms (two in a room) $75 for each person. There are a few rooms in Barnard Hall that may be had for $75 (small suites and all fifth floor rooms). All residents of the halls must take their meals where they reside. The cost of board at present is ~~$111~~ $118 for the school year of 36 weeks, payable in monthly installments in advance.

Applications for rooms should be made to the Bursar of the University after April 1st

for the next following college year, and must always be accompanied by a deposit of $10.

This deposit will be credited on the rent of the room for the second semester. If the room is not taken it will be forfeited, unless notification is received by the Mistress prior to September 1. Applicants must withdraw before September 1, unless willing to accept any room available at the later assignment, or forfeit the deposit if the room is not taken. Applicants should accept the rooms assigned to them either in writing or in person before the opening day of the school year or they will forfeit the room. The balance due for rent must be paid to the Bursar not later than ten days after issuance of bills at the beginning of each semester.

All applicants are supposed to retain their rooms for the entire year. If it is necessary for a student to withdraw at the end of the first semester, the deposit fee will be refunded, provided the room has been filled by the Mistress from the waiting list.

If for any reason one of the occupants of a suite shall be obliged to give up her place in the suite, the remaining person may be required to take a single room if one is vacant, or to pay the full price of the suite during the time it is occupied by her alone.

Rooms are ready for occupancy not earlier than the Saturday before the first registration day.

A GREETING FROM THE DEAN OF WOMEN

As the new Dean of Women, I thank the Self Government Association for the invitation to say a few words to the women of the University through these pages.

The Dean of Women is only one of the many new things which the women of Wisconsin will find this year. And yet it is my hope that not one precious thing of the old life shall be lost to us amid the changes. I am confident that the corporate life of the university women was not a mechanism that under shock will fall to pieces or fail to chime the hours truly, but an organism with strong innate life purposes which it seeks to fulfill despite changes in its environment. The organizations in which the women of Wisconsin expressed their common purposes will maintain themselves, even tho we have given for other uses the rooms that housed the S. G. A., W. A. A., and Y. W. C. A. and all the others. The important thing was always the consciousness of those common purposes; these purposes clothed themselves in organization. This consciousness of work that we can do only by united action is stronger than ever in these years of war. That consciousness is the thing, I am persuaded, that will maintain all the valuable institutions and usages despite changes in physical conditions.

We are forced in our particular community to make the same careful evaluation of existing institutions that war in general forces. We can no longer accept with pale acquiescences the things that are. We are compelled to take counsel with ourselves and find what things we passionately desire to keep or make in our world, this world which women largely keep and make at home while men fight and die for it overseas. This spirit of devout social consciousness will keep for us all good things in our university life. With this hope, with courage born of the faith in the women of Wisconsin, I give them cordial greeting.

Faithfully yours,
F. LOUISE NARDIN,

Dean of women and Assistant Professor of English

In case of any student found guilty by the Student Committee, the Faculty Committee on Discipline shall, if within its power, carry out the recommendation of the committee and the Faculty Discipline Committee shall immediately suspend the student until the next meeting of the University Faculty.

ARTICLE IV

Any student whose suspension is recommended by the Student Committee may appear before the Faculty Discipline Committee on the ground that there is evidence bearing upon the case that was not brought out in the trial by the Student Committee. In case of such an appeal by a student, the Faculty Discipline Committee, after due investigation, shall either dismiss the appeal or remand the case to the Student Committee for hearing with its findings and recommendations thereon. When the case has been reheard by the Student Committee, the Faculty Discipline Committee shall transmit the final decision of the Student Committee unmodified to the Faculty.

ARTICLE V

Nothing in the above provisions for the constitution of the Student Committee and its jurisdiction shall in any way annul or limit the present right of the student to appeal to the Faculty in discipline cases.

FALL ELECTION OF S. G. A. REPRESENTATIVE

As soon as possible after the opening of the University, the students in each house are requested to meet for the purpose of organizing under the Self Government Association of the University of Wisconsin. At this meeting, a person should be elected to represent that house on the S. G. A. Legislative Board. After each meeting of this, she calls the members of her house together to report what has been done, and thus brings all matters of importance directly before them. The position of S. G. A. representative is a very responsible one, and the girl chosen should be one with the highest capabilities. Thru her, the girls in her house are kept in close touch with what is going on in the University. This year, especially, when the women students are so scattered, the S. G. A. representative will have unusual opportunities and responsibilities; and so particular care should be taken in her choice.

HOUSE RULES

The members of each house are asked to adopt the following rules, which were in force in Chadbourne and Barnard halls, and which combine the Self Government Association and Faculty Rules:

Quiet hours are from 1:30 to 4:30 and from 8 p. m. to 11.50 a. m., from Monday to Friday,

inclusive; Saturdays they are from 11:00 p. m. to 8 a. m.

All women must be in their houses by 10 p. m. from Sunday to Friday nights. Friday and Saturday nights, women may be out without permission until 11 o'clock.

Men may be received on Sunday and holiday afternoons, on Friday and Saturday evenings until 11 o'clock; but on any other evenings only until 10 o'clock. Business calls of 10 minutes duration are permitted at other times.

Bed-room slippers must be worn after 10 o'clock at night.

Bath-rooms must be vacated before 11 p. m.

Parties may be attended only on Friday and Saturday evenings, in accordance with the general University rules, which also require such parties to close at 12 o'clock. (Exceptions to these rules are made only by the Interest's Committee of the Faculty.) Residents attending parties should leave their names with the house-chairman or land-lady; and any one returning later than 12:30 must report to her next morning. Absences on other nights after 10 o'clock are by special permission. Students shall not attend mid-week parties except with the permission of the Dean of Women.

Students in your house may adopt any other rules for their good conduct which they see fit to lay down. Copy of such rules should be filed in the office of the Dean of Women.

OTHER REGULATIONS

Section I. There shall be no driving or motoring within the city limits after 10 o'clock on any night of the week unless accompanied by an approved chaperone.

Section II. There shall be no driving or motoring outside the city limits after 8 o'clock on any night of the week except by special permission from the house chairman and unless accompanied by an approved chaperone.

SCHOLARSHIP AND LOAN FUND

In 1907, S. G. A. established a loan fund to be used to assist University women to complete their course. In 1914 it was deemed advisable to change the loan fund to cash scholarship, since it could fulfill its purpose better when given in that form. The scholarship is awarded each year to the woman whom a faculty committee thinks the appropriate recipient.

There are several loan funds available for young women who need assistance and they are administered in the same way as the S. G. A. scholarship. They are in the hands of the Secretary of the Regents of the University and may be drawn on to the amount of fifty dollars a year. Usually notes are given for five years with a low rate of interest and the funds are at the disposal of those who need them.

SOCIAL AFFAIRS OF S. G. A.

In place of Lathrop Hall, the Woman's building of other years which has this year been taken over for the S. A. T. C. barracks, the Chi Psi fraternity house, on the lake at the foot of North Henry Street. will be used as the women's headquarters. With its large parlors it will be very attractive for all parties and social gatherings of the women.

Introduction Party

On October 2, there will be given the first S. G. A. party, to which all University girls are invited. This is a splendid opportunity for both new and old girls to become acquainted and has proven a great success in previous years.

Hallowe'en Party

The annual fall costume party for girls will be held the evening of October 26. Prizes are usually given to the girls having the most unique costumes.

Snow Ball Party

During the latter part of January, a most informal snow ball party will be given. Besides snow balling, lovers of outdoor sports will enjoy the fun of coasting and skiing.

April Fool's Party

A spring costume party is given in March, at which all participants garb themselves in a style which is in keeping with the spirit of the occasion.

WOMEN'S ORGANIZATIONS

Young Women's Christian Association

The Young Women's Christian Association is an organization whose avowed purpose is "to unite the women students in common loyalty to Jesus Christ." To this end it provides Bible and mission study classes to train the University women in the ideals and world-wide aspects of Christianity. It holds regular weekly vesper services on Sunday at 4:30 p. m. of a devotional character at which speakers talk of the practical aspects of Christian living and belief.

Further the association tries to act as a medium through which young women may learn to be more intelligent concerning the general functions of good citizenship and concerning life-work possibilities along the line of social service.

And finally, perhaps, the association finds its greatest usefulness in working towards a standard of Christian living for University students themselves. President, Susan Ramsey.

Castalia

Castalia is a girl's literary society which was organized in 1864. The membership is limited to sixty chosen by the society. Every one is welcome to attend the programs which are held every Friday evening at seven o'clock. President, Gertrude Jacobs.

Pythia

Pythia is a girl's literary society of which the membership is limited to sixty chosen by the society. Every one may attend the meetings which are held every Friday evening at seven o'clock in Music Hall. A social meeting is held once a month. President, Mildred Pederson.

Red Domino

Red domino is a dramatic society to which members are admitted by try-out and vote. President, Mavis Chubb.

Twelfth Night

This club is similar in organization to Red Domino, and was organized in the winter of 1916-1917 to provide for the wider dramatic interests of the university. President, Margaret Lathrop.

Glee Club

The club is made up entirely of girls and meets every Tuesday and Thursday. Members are admitted by try-out and vote. Meetings are held in Music Hall. President, Anne Briggs.

Clef Club

Membership is both active and associate and is elected by tryout in voice, piano, or violin. The club gives open meetings and aims to bring at least one famous musician to Madison each year. President, Madelon Willmann.

Equal Suffrage League

This is a chapter of the National College Equal Suffrage League which is working to secure the franchise for women. Any woman student is eligible to membership. President, Elsie Gluck.

Theta Sigma Phi

This is a chapter of the honorary national journalistic sorority and was established in Wisconsin in 1910. Members are elected by the chapter in the spring of the year. President, Katherine Whiteside.

Keystone

Keystone is an honorary society and consists of the Presidents of Women's organizations in the University. President, Margaret Schultz.

Mortar Board

Mortar Board is the honorary organization composed of senior women, elected at the end of the junior year on the basis of womanliness, scholarship, and service. The organization gives an annual scholarship of one hundred dollars. It also maintains a cooperative house. President, Lucy Wallrich.

Euthenics Club

Euthenics Club is an organization composed of girls of the Home Economics department. The purpose of the club is to provide a medium of discussion for its members along lines which touch upon their work. It also holds social meetings. President, Florence Beatty.

The Women's Athletic Association

The Athletic Association is composed of women interested in athletics. Members are admitted to the organization when they have attained a standard set by the executive board. Complete information regarding the association, its scope and aims, and the qualifications required for membership are given in the Athletic Calendar which may be obtained from the members of the association. President, Jean Patterson.

Outing Club

The Outing Club was organized in the spring of 1917 for the purpose of promoting the outdoor activities of the women of the University. It has met with a surprisingly large response. It includes in its sports skating, horse-back riding, bicycling, roller-skating, boating, skiing, and coasting. President, Irma Hayssen.

Consumers' League

This is a branch of the National and State Consumers' League. Monthly meetings are held at which the members keep in touch with labor conditions throughout th state. Membership open to all at the payment of the semester dues. President, Miriam O'Neil.

Class Organizations

The women of each year's class have organized the following class societies under the names of which all class functions are held: Seniors—Blue Dragon—President, Gladys Fellows; Juniors—Yellow Tassel—President, Daphne Conover; Sophomores—Red Gauntlet—President, Sada Buckmaster; Freshmen—Green Button—President to be elected.

Each organization is handed over from one class to the other. Senior women are entitled to wear the Blue Dragon ring, which after their graduation distinguishes them as Wisconsin alumnae.

Women Student's War Work Council

This council was established to organize and foster war work among the women of the University. The work was under the direction of four chairmen who had committees working for the County Council of Defense, the Regulation of Student Activities, the Red Cross, and Emergency War Work.

Through the work of this council, the Liberty loan, war saving stamp, and food pledge

campaigns were conducted; formal parties were abolished from the University; a Red Cross room was established at Lathrop; sixty fatherless children of France were adopted, and many other war activities were carried on.

REGISTRATION

Every woman who registers in the University must also register with the Dean of Women, Miss F. Louise Nardin, and when any change of address is made it should be reported at once to her, as this is her only means of keeping a correct register of the addresses of the women of the University. The Dean of Women's office this year is on the first floor of South Hall.

EMPLOYMENT BUREAU

Mrs. Clara B. Flett will have charge of the employment bureau. Women who desire employment and persons in need of student help should register with Mrs. Flett.

THE VOCATIONAL CONFERENCE

A vocational Conference at which noted women from all parts of the country address the women of the University on lines of work other than teaching, is held by S. G. A. each year. The speakers are women who have been notably successful in their vocations and are well equipped to tell of the opportunities which they offer. Some of the vocations which are presented are: newspaper work, library work, secretarial positions, playground directorships, interior decorating, executive posi-

tions in business, civil service, architectural gardening, nursing, Y. W. C. A. secretarial work, and charity organization work.

THE INTERCOLLEGIATE SELF GOVERNMENT CONFERENCE

The first western conference of this nature was held in the spring of 1913 under the management of the Self-Government Association of the University. Co-educational universities and colleges of the middle west sent delegates to discuss the problems of self-government.

Three other similar conferences have been held since that time. The last one was at the University of Minnesota in May 1918. Wisconsin sent two delegates to this conference.

THE JUNIOR ADVISORY SYSTEM

The Junior women organized into Yellow Tassel act as advisers to the members of their sister class, the Freshmen. The advisers try as friends to help the freshmen begin their University life. Helen Snyder is in charge of the work this year. If any woman knows of a freshman or any new student who has not been assigned a junior adviser, please at once notify Miss Anderson, in the Dean of Women's office.

APPROVED ROOMING HOUSES

The Dean of Women and Mrs. Keller, and the women of the Faculty with the co-operation of the women students themselves through their organizations, undertake to exercise such supervision and guidance over the girls in the lodging houses as will be helpful to them.

Students are expected to stay in the rooms they choose for the whole semester.

A list of approved houses can be obtained on application to the office of the Dean of Women.

THE S. G. A. AND Y. W. C. A. OFFICE

S. G. A. and Y. W. C. A. will have an office together on the first floor of University Hall, room 105. The President of S. G. A. will hold regular daily office hours, and the room will always be open to the women students.

Read the following directions carefully:

Undergraduate women may not room in houses that are not on the approved list except by special permission of the Dean of Women.

Houses are listed by streets.

Streets are arranged alphabetically.

After the name of each landlady information is given on the following points:

- Whether board is supplied or not.
- The number of bathtubs, toilets, and bowls.
- Kind of heat and light.
- Floor on which room is located.

Mrs. W. J. Keller, Lathrop Hall, Madison, Wis., will be glad to answer any inquiries concerning rooms, but final arrangements for the rental of rooms must be made directly with the landlady. Report of Sub-Committee on Plans for New Buildings For Women.

Madam, President and Ladies.

I have the honour to present the report of the sub-committee on plans for new buildings for women in University College. You have already heard how the Committee on New Buildings for Women came into existance and if there were any in the room who needed convincing as to the need for such buildings, Miss Taylor's splendid summary of the situation has without doubt removed any lingering question in your minds on that score so that the way is clear for me to put before you the conclusion at which this sub-committee has arrived.

In the first place the need is two-fold; there must be both residences and a Union. When the question came up of making a decision as to which of these was most urgently needed the Committee found itself unable to choose between them, and it was concluded that both must be considered together, and as integral parts of one whole.

The ideal form for such buildings is a quadrangle and the residence space should be divided into a number of houses each to be capable of holding from 50 to 60 students, and each to have also special rooms for graduates or members of the teaching staff of the College. There should be 4 to 6 of such older women in each house and the rooms for them should be made sufficiently attractive to compensate them for the disadvantages of living in residence with so many younger women. In each house there will be a dining-room or possibly one dining-room for two houses depending on the size of the houses. A central kitchen will serve all dining-rooms.

In each house there will be common rooms, small reception rooms and one or two small dining-rooms where students or staff could entertain guests at meals. The Head of each house will have her own suite and there must be also office space, housekeepers rooms, sewing room, laundry, kitchenette and all the other accessories necessary for carrying on the work of the house. An infirmary for the whole residence where students not living in residence may also be cared for if necessary, and with nurses' rooms attached is an absolutely necessary part of the establishment. It's position will have to be carefully thought over.

These points, I think, cover fairly well the outline for the residential part of our buildings. Now as to the Union.

The two main features of the Union are the large hall and the Library. The former is to serve, of course, as a place of assembly for the students and also to be used for larger social functions. It will also be used, if possible, as the main dining-room of the Union where students living in lodging houses can have their meals, and will be served, we hope, by the central kitchen mentioned a few moments ago.

The Library should be the real centre of attraction in the whole block of buildings and should contain all the more ordinary books required by the students. The ideal library should be designed with alcoves and have tables and all facilities for quiet study.

A small practice gymnasium is considered a desirable if not essential detail to be provided and the value of a rest-room cannot be overestimated. In addition to these main features there will be at least two large common rooms, various smaller common-rooms and dining-rooms, reception rooms, committee rooms, cloak rooms and so on.

The resident head will have her own suite and there will be guest rooms for graduates and College guests. In addition to this each of the houses in residence would have one or more guest rooms.

This, Madame President, is an outline of what the sub-committee on plans deems necessary to the adequate care of the Women Undergraduates of University College and we hope for your zealous co-operation and backing in the enterprise.

All of which is respectfully submitted on behalf of the committee.

Madam President and Members of the Alumnae Association:

It has fallen to my lot to present certain of the data relevant to the conditions amongst the women of University College.

An examination of the official figures recording the registration of women students in the University has revealed three outstanding facts:-

1. The total number of women attending the University has increased approximately 40% in the five years for which figures were available (1912-1916) and this increase seems to be about evenly distributed over this period, so that it may be taken for granted that the trend is in this direction.

1912 1077

1913 1180

1914 1460

1915 1540

1916 1510

2. In spite of the increase in the total number of women students, the number of those registered in University College has remained practically stationary, and has been in the neighbourhood of 370 as shown in the following figures:-

1912 369

1913 367

1914 360

1915 384

1916 363

It is unofficially stated that the registration this year is much larger than in the preceding years and is practically 400 (395). One is led to ask whether this last figure is the result of the abnormal conditions and whether the failure of University College to obtain its proportion of the normal increase was due to its not proving as attractive to the undergraduates as the other colleges.

3. The number of first year students is always much larger than the number of students in any other year and consequently a special effort should be made to give to these students those advantages that may mean so much to them in future years.

1912	102	75 .....79		73
1913	112	87 .....60		76
1914	99	91 .....72		55
1915	118	91 .....84		81
1916	100	100 .....84		79

It will be noticed that in the course of the four years an average of about twenty students drops out.

Although the problem of the women in University College does not seem to have become abnormally insistent in recent years, except in so far as the 1918 increase has intensified it, there can be no doubt of its existence, and conditions have been far from satisfactory.

On the whole, about one-half of the women students of University College come from homes outside of the City. For 123 of these the Queen's Hall residence provides, 15 have been this year accomodated in Argyll House, and the remaining 60 or 80 are in boarding houses. This year there were said to be thirty more

students desirous of entering the University residence then could be received there.

Apart from the residences, absolutely no provision had been made for the comfort and social development of the women of University College prior to 1912. In that year, the Women Undergraduates' Association received permission to make the tower room in the south east corner of the Main Building into a rest room. This was also used as a meeting place for the various women's meetings and soon proved inadequate. It was replaced by the present Union, which has bravely struggled to meet the social and material needs of the women students.

The time has come when it too is finding itself handicapped by the limitations imposed upon it by lack of space.

For example the week of January 20th was a typical one and the programme of it so far as the Union was concerned was as follows:-

Mon. - 4.30, 4th year meeting and tea.
Tues.- 8.00, Modern Language Club.
Tues.- 8.00, 2nd. year skating party.
Wed. - 4.30, Student Discussion Groups.
Thurs. Graduates at F.O.E. Skating party.
Fri.- Hon.Science, 1st. year Skating party.
Sat. - 4th. and 5th, year Medical Women Discussion Groups.
Sun. - 60 for Tea.

As a result of the great demand made upon its accomodation for social functions, the individual student is unable to take full advantage of its common room and even the library is not the place of quiet and repose that it really should be.

A great many of the students who are boarding in the City take their meals at the Union and in this respect as in the others mentioned over-crowding is prevalent. The number of those

taking their meals at the House on a sample day (Jan.13, 1919) were; breakfast, 37, luncheon, 118, dinner, 60.

A splendid idea of the situation at the Union can be gained from the report of last year from which this summary is taken. "The Union is quite unable to meet the demands made upon it in respect of meetings and entertainments; the common room will seat 120 at most and 200 have tried to meet there. Meetings of all the women in the College have been held in East Hall on account of this limitation of space and this not easy to arrange as the Main Building closes at 6 o'clock. The first year Class Meetings have also been exceedingly difficult to arrange as there are 240 men and women in the year, and the attendance has been large.

The constant overcrowding and noise of such meetings sometimes four and five large ones a week, is hard on members who are trying to study in the house, for it is necessary to use every room except the library for them, and that only accomodates 10 or 12 people."

According to last year's report the dining-room was overcrowded at luncheon time five days a week, and as has been pointed out this condition has not been remedied this year.

The time then seems ripe for a concerted effort to improve matters; for if conditions are so unsatisfactory now they will be absolutely unbearable in the near future.

With this idea in mind, the question of new buildings was discussed by the committee to which reference has been made and the result of their deliberations will be presented to you.

All of which is respectfully submitted on behalf of the committee.
